

CESA Program Product List

Note: All program products must be electrical (using batteries or plugging in to 120V or 12V power sources) and meet the CESA definitions for the small household appliance categories noted below. They do not include items designed for industrial or commercial scale of use, products included in other electronics programs or items that are included in the Recycling Regulation for programs starting July 2012.

Fee Categories	Types of Products Accepted	Types of Products Not Accepted	Program Plan Classification
1 - Kitchen Countertop - Motorized Appliances	Blenders	Restaurant, commercial and institutional cooking appliances performing the same functions (i.e. bar or restaurant drink mixers)	Countertop Cooking Appliances
	Beverage fountains	Appliances not powered by electricity or batteries

	Cooking thermometers		
	Countertop milk frothers		
	Cotton candy makers		
	Drink mixers for home use		
	Electric knife sharpener		
	Food bag openers		
	Food chopper		
	Food processors		
	Food slicer		
	Gelato maker		
	Germ killing cutting board		
	Hand mixers		
	Ice crushers		
	Ice cream makers		
	Ice cream whippers		
	Juice extractors		
	Juice press		
	Knives		
	Smoothie maker		
Stand mixers			
Meat grinders			
Pasta Makers			
	Bread makers	Restaurant, commercial and institutional cooking appliances	Countertop Cooking
	Buffet warmer trays	Appliances not powered by electricity or batteries	

Fee Categories	Types of Products Accepted	Types of Products Not Accepted	Program Plan Classification
2 - Kitchen Countertop-Heating Appliances	Contact grills	Commercial popcorn makers	Appliances
	Countertop ovens		
	Countertop rotisserie ovens		
	Crème brulee makers		
	Deep fryers		
	Double burner		
	Egg cookers		
	Fondue pots		
	Food bag sealers		
	Food dehydrator		
	Food steamers		
	Fry pan/griddles		
	Heating coil		
	Hot air corn poppers		
	Hot plates		
	Mini hot dog rollers		
	Mug warmer		
	Panini press		
	Portable stoves		
	Rice cookers		
	Sandwich makers		
	Slow cookers		
Tabletop grills			
Toaster ovens			
Toasters			
Waffle irons			
Woks			
Yogurt makers			
3 - Kitchen Countertop-Beverage	Coffee urns	Restaurant, commercial and institutional cooking appliances performing the same functions	Countertop Cooking Appliances
	Drip coffee makers	Appliances not powered by electricity or batteries	
	Espresso/cappuccino makers		
	Hot beverage makers		
	Kettles		
	Percolators		
	Pod coffee makers		

Fee Categories	Types of Products Accepted	Types of Products Not Accepted	Program Plan Classification
	Tea makers		
4 - Countertop Microwave Ovens	Countertop microwave ovens	Products included in Phase IV: Built-in or over the range	Countertop Cooking Appliances
5 - Time Measurement & Display Devices	Clocks (alarm clocks, wall clocks)	Wind-up clocks and appliances not powered by electricity or batteries	Time Measurement Appliances
	Timers	Grandfather clocks	
		Time measurement devices that are not a small household appliance such as those intended to be held in a pocket or worn on a person's body (e.g. wristwatches)	
		Time instruments that are part of a product with another function (e.g. clock as part of a clock radio or a timer on a slow cooker). Note that clocks that are part of products with another primary function (such as clock radios or cell phones) may be included in other stewardship programs. If they are part of a product included in this program, the product would fall under the category based on its primary purpose.	
6 - Weight Measurement	Bathroom scales	Mechanical Scales that are not electric powered	Weight Measurement Appliances
	Countertop food scales	Doctor's scales	
	Personal luggage scales	Laboratory, commercial or industrial scales	
7 - Garment Care Appliances	Boot dryers / glove dryers	Industrial or commercial ironing appliances	Garment Care Appliances
	Cordless irons	Appliances not powered by electricity or batteries	
	Clothes shavers	Mangles used in ironing bedding materials in commercial establishments	
	Garment steamers		
	Garment sanitizing devices		
	Household irons		
	Pant press		
	Stationary irons		
Travel irons			
8 - Air Treatment	Air fresheners	Air treatment devices designed for commercial or industrial use	Air Treatment Appliances

Fee Categories	Types of Products Accepted	Types of Products Not Accepted	Program Plan Classification
Appliances			
	Air purifiers	Appliances not powered by electricity or batteries	
	Air flow equalizer	Built in fans such as ceiling fans, kitchen fans, range hoods or bathroom fans, house HVAC systems	
	Portable air cleaners	Heat exchangers	
	Portable fans	Dehumidifiers	
	Portable heaters	Products included in Phase IV: room air conditioners, portable air conditioners (due to refrigerants in them), air treatment products attached to the furnace or central air conditioning system	
	Portable heaters or fireplaces that are built to resemble furniture, if they are powered by 120 Volt AC	Portable heaters or fireplaces using 240 V or that are wired in	
	Portable humidifiers	Pest / insect repellents	
9 - Full-size Floor Cleaning Appliances	Upright vacuum cleaners	Ride-on or large scale vacuums used in industrial or commercial centres for floor care, floor scrubbing, vacuuming or sealing	Floor Care Appliances
	Canister vacuum cleaners	Appliances not powered by electricity or batteries	
	Floor or surface steamer	Products included in Phase IV: Central vacuum cleaner systems that are part of the home structure, including both central power units and piping/wiring	
	Floor scrubber/polishers		
	Full-size extractor carpet cleaner		
	Portable extractor carpet cleaner		
	Robotic vacuums		
	Steam mops		
	Stick vacuum cleaners		
	Wet hard floor cleaner		

Fee Categories	Types of Products Accepted	Types of Products Not Accepted	Program Plan Classification
10 - Smaller Floor/Surface Cleaning Appliances	Wet-dry vacuum cleaners		
	Bug vacuums	Industrial or commercial floor or surface cleaning appliances	Floor Care Appliances
	Electric dust-pans	Appliances not powered by electricity or batteries	
	Handheld vacuum cleaners		
	Hose and floor tools for central vacuum cleaners and their accessories		
Plug-in vacuum cleaners for use in vehicles which may use the 12V system of the vehicle			
11 - Personal Care Appliances	Automatic soap pump dispensers	Commercial and institutional appliances performing the same functions such as floor supported commercial hair drying equipment	Personal Care Appliances
	Beard trimmers	Appliances not powered by electricity or batteries	
	Curling irons or brushes	Jewellery cleaners	
	Denture and toothbrush sanitizers	Mattress pads, heating pads, electric blankets	
	Facial cleansing devices		
	Flossing devices		
	Foot baths		
	Hair clippers		
	Hair crimpers or straighteners		
	Hair curlers		
	Hair dryers		
	Hair shavers / removers		
	Hair clippers		
	Massagers		
	Oral irrigators		
	Small, portable household paraffin or hot oil baths		
Toothbrushes			
Vanity mirrors with lighting
